COMFORT YOU CAN GET USED TO

WE MAKE EXTERNAL BLINDS THAT LAST

We care about the quality of our products and focus on every detail so that the blinds remain in service for decades to come. That's why in our price lists you can already find a high-quality motor or powder coating for all accessories in the standard design. In the standard price, you'll usually find everything you need for quality shading. Thanks to this approach, the price list is really simple and clear.

Quality is emphasised throughout every stage of the external blinds production process. We take components from personally verified suppliers, such as Switzerland or France. In order to extend their service life as much as possible, we paint them with a powder coating in the façade standard ourselves in our own powder coating shop. This allows us to control not only the resulting quality, but also the deadline for completion of each individual order. This is why painting is already a common standard for us.

We're aware that the service life of the resulting product is always just as much as the service life of its weakest article. That's why we've never even considered installing cheap engines from unverified manufacturers and instead have embarked on a path of quality.

In the standard of our products, you'll find basic lines of top-class motors from global manufacturers and our long-term partners – Somfy, Geiger and Elero, and always with a 5-year warranty.

As our blinds tend to make their way all around the world, we care for an extremely high standard of packaging. We pack each set of blinds in a custom-made box with the help of a special formatting machine. When we ship blinds to Japan or Australia, for example, we send them in hand-made crates from our workshop. With the help of precise packaging, we are able to minimise the risk of damage during transport, and in addition only a very small amount of waste is generated during production and construction, making us more environmentally friendly.

EXTERNAL BLINDS

S90/Z90

EXTERNAL
BLINDS

STANDARD VERSION

- slat S or Z, width 90 mm

— standard slat colour according to the sample list

— control by standard motor

— bottom profile in RAL colour
- guiding rails type S, O, Z, SDV, SDV 2 in RAL colour

— guiding rail holders A, B, C in RAL colour

— upper profile 56 × 58 mm (galvanized steel sheet)
- upper profile holder no. 1 or R1

— colour of metal ladder and lift tape: grey or black

— packaging material (foils, carton)

C80/F80

STANDARD VERSION

- | | | |
|--|---|--|
| — slat C or F without painted edges,
width 80 mm | — plastic or metal guiding pins | — upper profile 56 × 58 mm (galvanized
steel sheet) |
| — standard slat colour according
to the sample list | — guiding rails type S, O, Z, SDV, SDV 2
in RAL colour | — upper profile holder no. 1 or R1 |
| — control by standard motor | — guiding rail holders A, B, C
in RAL colour | — colour of metal ladder and lift tape:
grey or black |
| — bottom profile in RAL colour | | — packaging material (foils, carton) |

Maximum dimensions F80

 control of the motor only

 crank operation or motor control

SURCHARGES AND DISCOUNTS

	Surcharge	
deduction of design on crank / cord	– 35 €/pc	
deduction of connected blinds/without control	– 39 €/1 set of blinds from the base price	
painting - guiding rails, bottom profiles and holders in a non-standard colour	individual calculation	
aluminium upper profile (painted or extruded aluminium)	25 €/m	
slat colour in a non-standard colour	individual calculation	
slats with perforation	individual calculation	
double-sided slat fastening (only for S90, Z90, Z70)	4.20 €/blind height of 1 m	
additional string/modification of string position	29 €/pc	
Grommet for a crank with non-standard length	15 €/pc	
separate tilting of slats - installation of the ladder shortener	1.80 €/pc	
interior gear with nose and joint for gear with nose	60 €/pc	
cord gear to the upper profile 56 × 58 mm	70 €/pc	
cross joint for crank and cross joint bearing (for the auxiliary joint of the crank)	30 €/pc	
removable crank (funnel + flexible pin 4 × 18)	15 €/pc	
working position (3 position bearing)	25 €/pc	
blind connection 90°	55 €/pc	
shaft joint for connecting the blinds (up to 45°)	22 €/pc	
guiding rail holder - plastic	1.20 €/pc	
bottom profile lock (only for Z90, Z70)	31.50 €/pc	
dowel FDI 52 (for assembly of guiding rails into insulation)	1.20 €/pc	
guiding rail type STF1, STF2	41 €/m	
guiding rail type H, STL, distance	11 €/m	
guiding rail type HDV, STL DV	22 €/m	
slats with painted edges (only for F80)	8 €/m²	
guiding rail cut alignment at 4° angle	8 €/1 guiding rail	
guiding rail end piece	1 €/pc	
H/HDV guiding rail end piece	2.50 €/pc	
STL guiding rail end piece	2.50 €/pc	
STL DV guiding rail end piece	3 €/pc	

CORNER HOLDERS FOR EXTERIOR AND INTERIOR CORNER

	Surcharge	
holder RA 65 - 80 mm, RB 80 – 100 mm, RC 100 – 140 mm, RD 140 – 220 mm	25.80 €/pc	delivery incl. screws
holder RVA 70 - 80 mm, RVB 80 – 100 mm, RVC 100 – 140 mm, RVD 140 – 220 mm	25.80 €/pc	delivery incl. screws
profile 40 × 40 mm	22 €/m	
bottom plug of profile - black	0.70 €/pc	1 plug/1 profile
Holder SPR (SET)	80 €/pc	

UPPER PROFILE HOLDERS (ORDER TOGETHER WITH BLINDS)

GUIDING RAIL HOLDERS AND STRING HOLDERS (ORDER TOGETHER WITH BLINDS)

	Surcharge
telescopic holder TA 50 – 68 mm	2.10 €/pc
telescopic holder TB 68 – 108 mm	2.10 €/pc
telescopic holder TC 104 – 170 mm	4.10 €/pc
telescopic holder TD 170 - 300 mm	4.10 €/pc
KV holder	10.30 €/pc
SPV (SET) guiding rail holder, ceiling-floor	12.40 €/pc
double string holder	7.20 €/pc

SELF-BEARING SYSTEMS

S90/Z90

STF SELF-BEARING SYSTEM

STANDARD VERSION

- complete STF system (including cover sheet or ISO-KASTL)

— guiding rail STF 1 or STF including plastic insert or aluminium guiding rail profile type Z in RAL colour
- bearing brackets and cable passage

— slat S or Z, width 90 mm

— standard slat colour according to the sample list

— control by standard motor
- bottom profile in RAL colour

— colour of metal ladder and lift tape: grey or black

— packaging material (foils, carton)

STF SELF-BEARING SYSTEM

STANDARD VERSION

- complete STF system (including cover sheet or ISO-KASTL)

— guiding rail STF 1 or STF including plastic insert or aluminium guiding rail profile type Z in RAL colour

— bearing brackets and cable passage
- slat C or F without painted edges, width 80 mm

— standard slat colour according to the sample list

— control by standard motor

— bottom profile in RAL colour
- colour of metal ladder and lift tape: grey or black

— packaging material (foils, carton)

— plastic or metal guide pins

S90/Z90

STL SELF-BEARING SYSTEM

STANDARD VERSION

- guiding rail STL or STL DV including plastic insert or aluminium guiding rail profile type Z in RAL colour

— STL and STL DV bearing bracket

— for the self-bearing STL system with additional anchoring, it is necessary to calculate the surcharge for holders no. 2.
- control by standard motor

— slat S or Z, width 90 mm

— KV or TA, TB, TC, TD holders in RAL colour

— standard slat colour according to the sample list

— bottom profile in RAL colour
- upper profile 56 × 58 mm (galvanized steel sheet)

— without cover sheet

— colour of metal ladder and lift tape: grey or black

— packaging material (foils, carton)

Z70/C65

STL SELF-BEARING SYSTEM

STANDARD VERSION

- guiding rail STL or STL DV including plastic insert or aluminium guiding rail profile type Z in RAL colour

— STL and STL DV bearing bracket

— for the self-bearing STL system with additional anchoring, it is necessary to calculate the surcharge for holders no. 2.
- control by standard motor

— KV or TA, TB, TC, TD holders in RAL colour

— slat Z, width 70 mm or C, width 65 mm

— standard slat colour according to the sample list
- bottom profile in RAL colour

— upper profile 56 × 58 mm (galvanized steel sheet)

— without cover sheet

— colour of metal ladder and lift tape: grey or black

— packaging material (foils, carton)

— Maximum dimensions F80

SURCHARGES STF SELF-BEARING SYSTEM

	Surcharge
deduction of blinds without control	–39 €/pc
painting - guiding rails, bottom profiles and cover sheets in a non-standard colour	individual calculation
slat colour in a non-standard colour	individual calculation
slats with perforation	individual calculation
double-sided slat fastening (only for S90, Z90, Z70)	4.20 €/blind height of 1 m
separate tilting of slats - installation of the ladder shortener	1.80 €/pc
working position (3 position bearing)	25 €/pc
bottom profile lock (only for Z90, Z70)	31.50 €/pc
slats with painted edges (only for F80)	8 €/m²
guiding rail cut alignment at 4° angle	8 €/1 guiding rail
spacing (widening) of STF profile	11 €/m
holder for additional anchoring (applicable for width over 2 300 mm or height over 3 500 mm)	10.20 €/pc

COVER SHEET SURCHARGES FOR STF SELF-BEARING SYSTEMS

	Surcharge
double-sided coating of cover sheets	11,30 €/m²
self-adhesive insulation XPS 10 mm of cover sheets on side A	110 €/m²
insulation of XPS 20 mm cover sheets (only for F31, F32)	59 €/m²
insulation of XPS 40 mm cover sheets (only for F31, F32)	118 €/m²
design without cover sheets/ISO-KASTL	–15 %/1 set of blinds from the basic price

SURCHARGES STL SELF-BEARING SYSTEM

	Surcharge
deduction of design on crank	–35 €/pc
deduction of connected blinds/without control	–39 €/pc
painting - guiding rails, bottom profiles and holders in a non-standard colour	individual calculation
slat colour in a non-standard colour	individual calculation
slats with perforation	individual calculation
double-sided slat fastening (only for S90, Z90, Z70)	4.20 €/blind height of 1 m
separate tilting of slats - installation of the ladder shortener	1.80 €/pc
working position (3 position bearing)	25 €/pc
bottom profile lock (only for Z90, Z70)	31.50 €/pc
slats with painted edges (only for F80)	8 €/m²
grommet for a crank with non-standard length	15 €/pc
reinforced upper profile	41.20 €/pc
holder for additional anchoring (applicable for width over 2 300 mm or height over 3 500 mm)	10.20 €/pc

SURCHARGES FOR STL GUIDING RAIL ACCESSORIES (ORDER TOGETHER WITH BLINDS)

	Surcharge
STL guiding rail end piece (grey, black)	2.50 €/pc
STL DV guiding rail end piece (grey, black)	3 €/pc

FAÇADE SYSTEM

S90/Z90

FAÇADE
SYSTEM

STANDARD VERSION

- guiding rails H, HDV inclusive guiding rails holders type KV in RAL colour

— support holder and holder support no. 1

— slat S or Z, width 90 mm
- standard slat colour according to the sample list

— control by standard motor

— bottom profile in RAL colour

— upper profile 56 × 58 mm (galvanized steel sheet)
- without cover sheet

— colour of metal ladder and lift tape: grey or black

— packaging material (foils, carton)
